

NEW YORK

National League Team May Play Here On July 16

Manager Atkinson Of Local Team Has Chance To Secure The Giants

Manager R. H. Atkinson of the Mt. Vernon baseball club has a chance to book the New York National league baseball team for a game in Mt. Vernon on Thursday afternoon, July 16, and will no doubt close up the contract for the appearance of the Giants here on that date.

Manager Atkinson received a letter from the management of the New York team Tuesday morning, stating that Thursday, July 16, was an open date, the team traveling from Chicago to Cincinnati. The New York team wants a guarantee of \$250, and Manager Atkinson believes that this sum can easily be realized from sale of tickets to the game, owing to the fact that it comes on a Thursday afternoon when many of the stores in the city are closed.

The New York team would be a great drawing card as the team now leads the National league race and local fans would get an opportunity of seeing many stars, who have taken part in the world series games in past years.

Women Drive Off Three Burglars From Store

Of A Former Knox County Man In Cleveland

Cleveland, O., June 30—Four scrub women, employed in the Webb C. Ball building, Euclid avenue, early yesterday morning successfully fought off three burglars whom they found "jimmying" doors of third floor offices.

The burglars had entered the offices of the Webb C. Ball Jewelry Co., on the second floor, and had attempted to force the safe, but got nothing. From there they went to several other offices on the second and third floors, and were engaged in trying to force a door when the women appeared.

The burglars warned the women off, but they rushed to the attack with brooms, mops and scrub pails. The robbers fled before the combined onslaught and rushed down the stairs and away.

SHARP

Will Resign As Congressman In Few Days

Washington, June 30—Representative William G. Sharp, of Ohio, recently appointed Ambassador to France, will send his resignation as a member of Congress to Governor Cox within the next 10 days. He expressed the hope today that a special election might be held in his district, because of his belief that a Democrat would win, despite the dismal prophecies that are made by many politicians respecting Democratic prospects in Ohio.

Mr. Sharp's resignation will leave a much-muddled situation in his district, the Fourteenth, which will be abolished March 4, 1915, and one who runs for the short term now could not at the same time stand for election for the full term, as the next full term will involve representation from a different area under the recent gerrymander.

While Mr. Sharp would like to see a special election held immediately, the judgment of many other members of the delegation leads them to an opposite expression.

"An election held this time would be under the most unfavorable circumstances," said Representative Goeke, of the Fourth Ohio District. "Democratic prospects will be much brighter in 60 days. The howl against the tariff is wearing off and the currency law is popular. The Democratic party will be in much better shape two or three months hence than it is now."

The Ohio delegation will give a luncheon in honor of Mr. Sharp next Thursday noon. It was intended that a dinner should be given, but Mr. Sharp has too many engagements.

WHEN YOU ARE NERVOUS

you have the first symptom of a run-down system, and nervous people too often conceal their aches and pains and suffer in silence, while, if neglected, this condition often foreruns more serious trouble.

If those so afflicted would stop taking medicine containing alcohol or drugs which menace the foundations of health, and just take the pure, strengthening nourishment in Scott's Emulsion, it would create new blood to pulsate through the organs, refresh their bodies and build up the whole nervous system. LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
